

PRESS RELEASE - March 2007

"CEMSI Receives Industry of the Year Award!"

We are extremely pleased to announce the recent recognition received by CEMSI at the Greater Regional Augusta Chamber of Commerce 2007 Annual Dinner and Awards Presentation, held on March 15 at the Holiday Inn Convention Center in Staunton, Virginia. This year's recipient of the "Industry of the Year" award was presented to CEMSI, in recognition of the company's continued dedication to community development and the economic growth of the Augusta County Region.

Each year, the Greater Regional Augusta Chamber of Commerce recognizes outstanding member organizations for their contributions to the community. As Ben Carter, President of the Greater Regional Augusta Chamber of Commerce, comments: *"the chamber looks to recognize members in our region for their contributions to the community, their employees, and their customer. The award is given to CEMSI to recognize the recent expansion and investments of the company over the past year, while providing good paying jobs to the community, and supporting the trade and industry development of Augusta County."*

The Industry of the Year Award was proudly accepted by **Donn Meyerhoeffer, Vice President and Chief Operating Officer**; and **Jay Moyer, CEMSI General Manager**, on behalf of the Employee Owners of CEMSI and ComSonics, Inc.

Categories acknowledged in this year's event included: Industry of the Year, Sponsor of the Year, Agriculture Business of the Year, Tourism Business of the Year, Entrepreneur of the Year, Volunteer of the Year, Ambassador of the Year, Business of the Year, and Citizen of the Year.

Dignitaries in attendance of the event included: Congressman Bob Goodlatte, Mr. Dave Metz, City of Staunton; Wendall Coleman, Nancy Sorrells, Kay Frye, and David Beyeler, representing the Augusta County Board of Supervisors; and Megan Williams, representing the City of Waynesboro Economic Development.

Background: Located in the Shenandoah Valley of Virginia, CEMSI provides complete electronics assembly and manufacturing services to customers across the country and around the world. CEMSI's key processes are fully automated, and the company maintains the latest technology in electronics assembly and functional testing. CEMSI's professional project management and procurement staff, CEMSI's manufacturing expertise and service oriented focus makes CEMSI your preferred source for turnkey electronics manufacturing. From prototyping to production, CEMSI is the right choice.
